

# Hilton Baptist Church Policies for Cluster Zones as of November 12, 2020

---

A large part of Monroe County is now in what Governor Cuomo calls the “Yellow” Zone which allows places of Worship to have 50% of their maximum capacity.

The NYS Cluster Action Initiative for an “Orange” Zone is subject to 33% of capacity or 25 people whichever is fewer. A “Red” Zone goes to 25% of capacity or 10 people.

The Task Force has met and discussed the different zones. The chart below shows how HBC will handle Sunday service if our area goes into a different zone.

Even with the new statistics we are still asking that you talk with your family and let us know if you are planning to come to a Christmas Eve Service. Reservations are being filed accordingly to how they come into the office, so if we are in a different “Zone” when Christmas Eve arrives, we may have to ask you to come to a different service or cancel your reservation.

The Team will be watching the news very closely and keeping you informed by email.

If you have any questions or concerns about our plans, please let a Team Member know.

In Christ Service,  
 Cheryl Nolan (Chair), Dawn Allen, Diane Church, Craig Corey, Barb & Dale Provost, Sue McLean, Donna Schalge & Pastor Dan
